Boddington's Quality Paper White Narcissus

LILIES OF QUALITY

LILIUM HARRISII (True Bermuda Easter Lily)

Boddington's Quality Brand Pure Harrisii

Mr. Boddington visited Bermuda three years ago for the express purpose of looking into the Lily situation, examining the growing fields of Lilies and securing the finest and cleanest stock on the island. He was successful in doing this, so that we can with confidence offer the bulbs quoted below. The examination of growing crops is in keeping with our policy to secure only the best, even at an advanced price, and successfully to uphold the quality which we aim to sell.

HYACINTHS

"QUALITY BRAND" FRENCH ROMAN HYACINTHS

Owing to an increased duty of \$2.00 per 1000 on Hyacinths and exceedingly short crop, prices are naturally higher than last year.

Romans are an indispensable flower from Thanksgiving until Easter. We import only stock true to size, and well-ripened bulbs. Extra early delivery our specialty when so desired.

SELECT NAMED DUTCH HYACINTHS

Don't be misled by low offers and cheap prices if you are looking for results

We buy only the very best goods in the following. Intending purchasers can rely upon all bulbs being thoroughly ripened, fully up to specified size and "quality" and true to name. We offer four sizes—Top-root, First, Second, Third or Named Bedding. These are Holland Standard sizes. We do not buy seconds and send out as first size, or third size and send out as second size, which device is usually practiced by firms who make ridiculously low prices. You can rely upon our "Quality" bulbs. Doz. 100 1000

BODDINGTON'S "QUALITY"

Decoration Day, or May-Flowering TULIPS, Etc.

It is surprising that these grand Tulips have not been more largely planted. As an early display, they are magnificent in their beauty and coloring, coming into flower, as they do, from **May 15 to the first week in June**, according to the season, and are most useful from a decorative point of view, after the early-flowering Tulips are past. The colors are various, as described in the following varieties, and their height, after being well established, **reaches nearly three feet in some types**. After planting, they need not be disturbed for years. There are many other beautiful late-flowering Tulips, but the following are a few of the most distinct varieties. Every florist, large or small, should invest in these late Tulips; they are indispensable at Decoration Day time, and, as stated before, when planted once are permanent and will pay you handsomely.

Bizarres. Handsome, rich flowers, with yellow ground, feathered or striped with crimson, purple and white; finest mixed	100	1000
	\$1 75	\$15 50
Bouton d'Or. Has deep clear yellow, globular medium-sized blossoms, with curious black-anthered stamens	1 25	10 50
Bybloems (Violets). Late Tulips, with white ground, blotched, striped or feathered with lilac, purple, violet, blue or black; finest mixed	1 35	12 50
Bybloems (Roses). Superfine mixed	1 75	15 50
Darwins. Very large flowers of good shape, on tall, strong stems; for brilliancy of color they surpass any other Tulip; they include every known shade from the lightest tint to the brightest hue; finest mixed. (For named varieties, see page 9.)	1 25	10 50
Elegans. Dark crimson, beautifully reflexed	1 50	14 00
Gesneriana macrospeila. Crimson scarlet, black and yellow center	1 25	9 50

Gesneriana spatulata, or major. This variety has long been in cultivation. The beautifully curved flowers are brilliant scarlet, with a bluish-black center, on tall stems. A large group of this Tulip massed by itself looks very striking	100	1000
	\$1 25	\$12 00
Gesneriana lutea. Beautiful, yellow, tall and handsome	1 50	14 00
Gesneriana Ixioles. Fine yellow, with black center	7 50	70 00
Greigi. The beautifully formed flowers are of large size and of a gorgeous orange-scarlet color. Doz. \$1.00	7 00	
Inglescombe Scarlet. Very brilliant scarlet, black base	2 25	21 00
Inglescombe Yellow. A large canary yellow, perfect form	4 25	40 00
Inglescombe Pink. One of the best pinks	1 50	14 00
Isabella, or Shandon Bells. The petals are a rose color, flushed or flaked with white when they first open, and after two or three days it changes to a suffused deep rose and red color. Remains longer in bloom than many others; stands well when cut ..	1 25	10 00

Single Late May-Flowering, or Decoration-Day Tulips

La Merveille. A magnificent variety with very large, sweet-scented blossoms. Salmon-rose, overlaid with orange red. A grand border variety. 25 cts. per doz., \$1.00 per 100, \$7.50 per 1000.

Mrs. Moon. The finest late yellow; beautifully reflexed petals. A charming variety. 50 cts. per doz., \$4.00 per 100.

Maiden's Blush, or Picotee. Clear white, margined on the edge with pink. The flower is beautifully curved, but it is somewhat difficult to give a correct idea of the color. When it opens the petals are white and margined or penciled with pink to cerise. After two or three days the flowers change to a deep rose, and, unless one is acquainted with it, it would not be recognized as the same Tulip. It stands remarkably well when cut. \$1.25 per 100, \$10.00 per 1000.

Parisian White. Large pure white. \$1.75 per 100, \$15.50 per 1000.

Live florists are forcing the Darwin Tulips in large quantities. If you have not tried them you had better start, and keep up to date.

Those marked with an asterisk (*) can be forced.

Darwin Tulips are among the most varied and beautiful of all the late Tulips. Planted in the border, they come into flower in late May and June. Flowers are large and borne upon tall, erect stems. Like the May-flowering Tulips, they are indispensable for Decoration Day.

Sweet Peas of C. W. Curtis, Irondequoit, N. Y.
Raised from Boddington's Quality Seed

Boddington's "Quality" Christmas-Flowering Sweet Peas

We Are Super-Headquarters

All true stocks of Winter-flowering Sweet Peas are again scarce this season. The Winter-flowering Spencer types are almost a total failure owing to the exceptional season in California this Spring, and through the ravages of Aphis.

We regret that our stocks of Yarrawa and Anita Wehrman are entirely exhausted; also many other good varieties, but we can still offer the following while stocks last. Order at once to avoid disappointment, remembering that our stocks are true to name, and while a little higher in price, will save you money in the long run.

Rose Queen "ROSE QUEEN" is Orchid-flowering, borne on long stems, extremely free and early and of pink color most attractive; is a decided acquisition, and, like all meritorious novelties, is sure to be in demand wherever grown. **Prices: Trade pkt. \$1.00, 3 trade pkts. for \$2.75, 1 oz. \$12.00.**

Remember, you may deduct 5% if cash
